\$200,000,000 FOR GRADE-CROSSING ELIMINATION

President Roosevelt has stated that he definitely favors grade-crossing elimination as part of the great emergency spending program.

The President, in making the announcement, alluded to the recent Maryland accident in which 14 children in a bus were killed when it was struck by a train, and said that such accidents are far too common. He then indicated that about \$200,000,000 will be spent for crossing eliminating before July 1, 1936, and stressed the need for speed in getting the crossing program under way. The proposed plan is to grant money to states which have facilities for performing grade-crossing work, and to have the Federal government do the job in states where such facilities do not now exist.

Grade-crossing elimination is one of the best possible fields for spending of emergency funds. It fits every purpose for which the expenditures are designed, in that it serves a definite public need, benefits every citizen, stimulates industry, and provides a maximum

CARMEL-BY-THE-SEA, CALIFORNIA, TUESDAY, MAY 28, 1935

NUMBER 18

UTILITY DISTRICT ELECTION JUNE 4

Important Issue Evokes Acrimonious Discussion in Carmel.

Proponents of the water district declare that the influences back of the opposition to the district are selfish. They point to the fact that the present owners of the water properties are opposed to having the system taken over as a public utility. They do not like the proposition of having the properties appraised at their actual value, and that is what the advocates of the district propose to have done, if the vote is favorable.

To prove that Peninsula water consumers under private ownership of the system are paying a much higher rate than neighboring municipalities which own the water systems have to charge, the advocates of the district have made public a letter from H. B. Kitchen, manager of the Watsonville City Water Works, in reply to a questionnaire from A. G. Metz, secretary of the local joint public utilities board:

The letter is as follows:

Our plant was purchased in 1923 for \$200,000 from proceeds of a bond issue of \$225,000; \$25,000 was used for immediate improvements to the existing distribution system to increase fire protection facilities.

In 1929 a bond issue of \$125,000 was voted for construction of a filter plant and other necessary improvements. The cost on the issuance of these bonds had 37 negative votes to 1100 or more in favor. This, I think, would indicate complete accord with municipal ownership as to this particular utility up to that date, at least.

(1) In answering this question, I submit the following figures. Bonds retired out of earnings total \$133,000. Improvements to the plant out of earnings total \$157,524.08. Cash transferred to the general fund out of earnings total \$28,527.09.

In lieu of the taxes the Water Department furnishes free to the City, hydrant rental, water for street and sewer flushings, parks and play grounds; total approximately \$3,233.87 per annum.

(2) No taxes are levied for the support of the Water Department.

(3) The value of the plant when originally purchased was \$200,000. The present value is \$507,524.08, of which \$125,000 is represented in new issue of bonds plus \$25,000 in first issue.

(4) The present city tax rate is \$1.87 per \$100 of assessed valuation. \$57 of this amount is for payment of interest and principal of several bonds issued exclusive of Water Department bonds and interest. These are paid out of earnings. All improvements to the Water Plant are paid out of earnings, except as noted in the second bond issue.

(5) Our water rate schedule is inclosed.

Our books are kept in accordance with the Railroad Commission's rules and regulations and therefore our accounts are readily comparable to those of any water utility privately managed and are available to your committee's scrutiny at your convenience.

Every community should own its own water system, for better fire protection, for improved quality of the supply and for the sense of pride of ownership comparable to that experienced by the individual in home ownership.

Any assistance I can give your committee I can assure you will be freely and promptly given.

Yours very truly,

WATSONVILLE CITY WATER WORKS.

(Signed) by H. B. KITCHEN, Manager.

P. S.—I forgot to note that water

rates were reduced under Municipal ownership and that insurance premium rates were drastically reduced due in large part to improvements in our plant. This benefit is indirect but nevertheless a substantial reduction in individual expenses.

H. B. K.

The rate schedule enclosed shows a charge of \$1.00 for the first 800 cubic feet; 13 cents per cubic foot for the next 3200 cubic feet, and nine cents over 4000 cubic feet. Special irrigation rates are provided: 10 cents per 1000 gallons or 7½ cents per 100 cubic feet, inside the city, and 7½ cents per 1000 gallons or \$0.05625 per 100 cubic feet in the unincorporated areas.

The local rate is \$1.10 for the first 300 cubic feet and 25 cents per 100 cubic feet over that amount, or \$2.35 for the first 800 cubic feet, for comparison with the Watsonville rate. There is no local rate comparable with the other rates mentioned, according to Metz.

Opponents Claim Big Gains.

Opposition to the proposed Peninsula Utility District, to be voted upon in the special election on June 4, today was reported gaining steadily in Monterey, Pacific Grove and Carmel. Leading citizens voiced opinions that the proposed district is ill-considered and untimely, that it promises no benefits to utility users and that, unless it is defeated it would pile more burdens upon peninsula taxpayers.

Carmel Martin, chairman of the Monterey citizen's committee against the district, addressed the Monterey Masonic lodge on the subject Wednesday night and urged the defeat of the district in the coming election.

"There is a general tendency among people at this time," said Martin, "to cut expenses, get out of debt, and, if possible, reduce, instead of increasing tax burdens. The proposed utility district would work in opposition to this tendency. It would set up a new, super-

imposed government structure with almost unlimited powers to borrow and spend money, employ staffs of experts and levy new and steadily mounting taxes against the public."

On the same evening Peter J. Ferrante led a discussion among the Spanish-American War Veterans, in which he urged the defeat of the district in the name of economy. Ferrante pointed out the powers the district directors would have to levy taxes against the taxpayers and declared that the district promises them nothing in the way of reduced rates or improved service.

In Carmel, Kent Clark voiced the opinion of the city's Citizen's committee, of which he is a member.

"Carmel taxpayers would have new and unnecessary tax burdens heaped upon their backs unless the district is defeated," said Clark. "Carmel has nothing to gain by joining with Monterey and Pacific Grove any more than they have to gain by joining with Carmel. Our conditions are different and our needs in utility matters are so divergent that any concerted action for the benefit of all is virtually impossible."

"There is no reason why we should set up this super-imposed government with its expensive staffs of officials and experts. We would be taxing ourselves to the limit to support it and it offers us no assurance that it would reduce rates or improve service on water or any other utility."

In Pacific Grove Mrs. Bertha L. Strong, prominent civic leader, announced that the movement against the district is growing daily. Three new members, she revealed, have been added to that city's Citizens' committee against the utility district. Dr. J. J. Williams, C. K. Tuttle and Harry Connett are the new members.

NOTICE

Veterans owning property within the Carmel Sanitary District who wish to claim tax exemption should obtain the blank forms from Bernard Rownree immediately.

Oodles of Prizes

For Card Party at Manzanita Club May 31.

Remarkable success in the quest for prizes to be awarded at the card party Friday night next was reported by the committee at the weekly meeting of the Townsend club in the lunch room of Sunset school Monday night. The committee said that they did not get half around among the merchants, so many attractive prizes were donated, and they surely are grateful to the donors. The Manzanita club also came in for many appreciative remarks because of its generosity in sponsoring the card party for the benefit of the new Townsend club. The money earned will be sent to Townsend headquarters to help finance the movement which is being carried into every state in the union. Admission to the card party which starts at 8:00 o'clock will be 50 cents a person and will include refreshments. Besides the other prizes which will include a prize for every table, there will be a door prize of \$5.00. The prizes are on display in a window of the Leidig building on Dolores street. Of course everybody is invited.

NEW SUNDAY TIME OF TRAINS GIVEN

Announcement of a new train schedule for Sundays between the Monterey peninsula and San Francisco is given by the Southern Pacific company.

The train will leave San Francisco at 7:45 a. m., and arrive in Monterey at 11:00 a. m. Departing at 5:15 p. m., it arrives in the northern city at 8:40 p. m.

Laidlaw Williams is back in Carmel after spending several days in San Francisco.

(Continued from Page 1)
of employment, direct and indirect,
for each dollar spent. Every heavy
industry in the country will share
in the purchasing power grade-
crossing elimination will create
steel, cement, paint, etc. All other
industries will likewise share, in
that the money going to workmen

will be spent for all manner of
commodities and services. The
cause of highway safety will be
immeasurably advanced, and rail-
road service will be improved, as
the existence of grade crossings is
a great barrier to increasing train
speeds.

The \$200,000,000 will not, of
course eliminate all grade crossings.
But it marks a great step forward,

and paves the way for additional
work to be done by all units of
government in the future.

Watch for the big parade of the
American Legion tonight. Start-
ing in Monterey at 6:30 the entire
Legion forces of the peninsula will
parade through Monterey, Pacific
Grove and Carmel to boost the
Mission restorative party at Del
Monte Wednesday night. The le-
gionnaires will have a drum corps
to lead them, and their coming will
be heralded by the strains of mar-
tial music.

Mr. and Mrs. Joe Hitchcock, Jr.,
Dolores street, enjoyed a visit last
week from Tuesday to Thursday of
Allen Ayers, wife and daughter of
Oakland. Mr. Ayers and Mrs.
Hitchcock are brother and sister.

Always a step ahead, presents

ZOTOS

THE ULTIMATE
PERMANENT

NO MACHINERY — NO ELECTRICITY

You'd never believe that anything so wonderful could ever be
invented! This exciting new method of permanent waving
absolutely does away with machinery and electric current!
Comfortable? You just relax in your chair! There's no weight
or "pull" on your hair. No nervous waiting—Zotos is auto-
matic... it can't possibly overheat or underheat your hair.
All the natural brilliance of your hair is retained. And what
a beautiful, natural wave Zotos gives you! IT'S A JOY TO
HAVE A PERMANENT WITH ZOTOS.

ZOTOS is available to you Exclusively at Our Shops

MRS. M'KAY PASSES

Mrs. Sara Emily McKay, wife of John McKay, of Carmel, died on Tuesday, May 21, after an illness of several months. The funeral was held on Wednesday afternoon from the Freeman mortuary chapel in Monterey. Mrs. McKay, with her husband, had been a resident of Carmel for six years. Mr. McKay is owner of the Vining meat market. She was a native of Idaho. No children survive her; nearest relatives being in addition to her husband, her mother, Mrs. Mary Jean Prescott, two sisters, Mrs. Dorothy Bell and Mrs. Edith Prescott, and a brother, Thomas Prescott, all of Sequel; a third sister, Mrs. Elsie Kenyon, of Piedmont, and another brother, George Prescott of Albuquerque.

PATTERSON WOULD ABOLISH PARTIES

Assembly bill No. 276, introduced by Ellis E. Patterson of Monterey county, to abolish the party system in state government, is expected to engender lively discussion between partisan members of the lower house.

In support of his bill Patterson says:

"The party system has no place in the state legislature for we do not permit our party to influence us on the voting concerning state matters.

"If we could re-name our party system Progressives and Conservatives, then the party would mean something, but there are as many Progressive Republicans as Progressive Democrats; therefore, why waste the issue?

"While we have as many reactionary Democrats as we have reactionary Republicans, we do not vote as to party, but as to our constituents' needs and desires and our ideas and ideals concerning state and national matters."

PENINSULA LANDSCAPING BY SERA PROGRESSES

When Nature has had time to complete the job with its growth of vines and small shrubs the recent work of the SERA within the cut on the highway between Carmel and Monterey will result in transforming a drab and dreary section of the road into an avenue of beauty. The bare dirt walls have been terraced and retaining walls built. Good earth has been deposited at intervals and in these spots the vines and shrubs have been planted.

According to County Supervisor A. B. Jacobsen, the county board has authorized County Surveyor Howard Cozzens to proceed with plans for still more beautification of peninsula landscape. It will include work in the county parks, including memorial park in Monterey, which will be cleaned up and planted with flowering plants.

Ailan McConnell, 13, son of Mrs. Grace Thoburn, is carrying his right arm in a sling to protect a fractured wrist which he got in the act of cranking an automobile engine at the family ranch in Carmel Valley.

Mrs. Sidney Robertson returned to Carmel the latter part of last week after visiting her mother in San Francisco.

FIRST CHURCH OF CHRIST, SCIENTIST.

Evenings: Tuesday and Friday, 7:30 to 9.

Closed holidays.

Monte Verde Street, One block North of Ocean Avenue.

"When the wicked spring as the grass, and when all the workers of iniquity do flourish; it is that they words from Psalms comprise the Golden Text to be used Sunday, June 2, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced." Included among the Scriptural selections will be: "It shall even be as when an hungry man dreameth, and, behold, he eateth; but he awaketh, and his soul is empty: or as when a thirsty man dreameth, and behold, he drinketh; but he awaketh, and, behold, he is faint, and his soul hath appetite: so shall the multitude of all the nations be, that fight against mount Zion" (Isaiah 29: 8).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The truths of immortal Mind sustain man, and they annihilate the fables of mortal mind, whose flimsy and gaudy pretensions, like silly moths, singe their own wings and fall into dust" (p. 103).

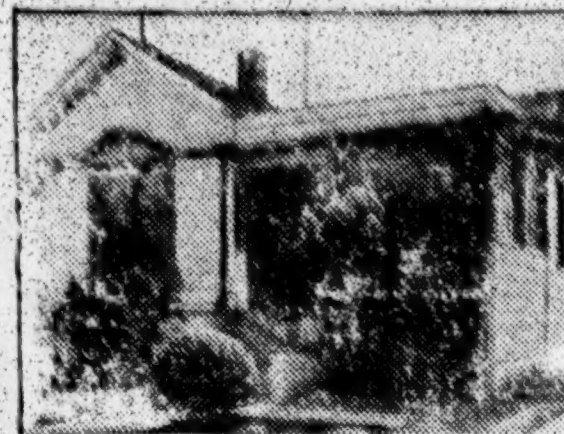

PETTY THIEVERY

The cafeteria of Sunset school was broken into Thursday night and the miscreants helped themselves to food that they found and otherwise upset things. Entrance was gained by jimmying a window. Considerable petty thievery of gasoline, milk bottles and the like and other petty burglaries have been reported of late. The police have a pretty good idea of the identity of the members of the gang responsible, and it is more than likely that arrests will be made very shortly.

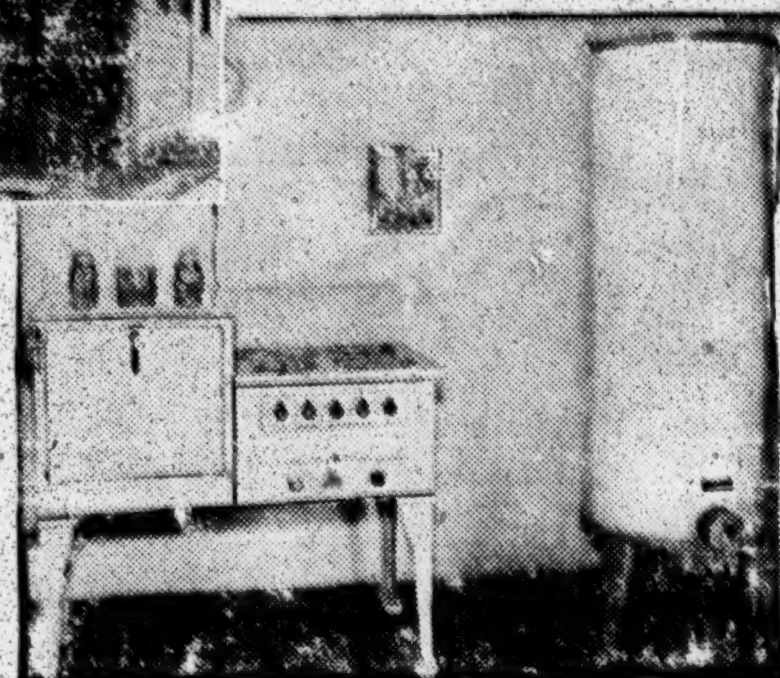

Miss Ina G. Davis of Morgan Hill, who is spending a short vacation in Pacific Grove, called on Mrs. A. E. Pfremmer at the Sun office in Carmel Monday.

"Everybody likes a Bargain ... Half-Price Electricity is a Real One"

... says
CHAS. A.
HUTCHINGS
87 Floyd St.
San Jose

AN AVERAGE monthly bill of \$4.74, with Half-Off on Extra electricity, gives to the Hutchings' home the modern, convenient services of the electric range, electric water heater, refrigerator, washing machine, lighting and additional smaller appliances. There is proof that electricity today is one of the greatest bargains in the home.

Read this letter from the Hutchings:

"Since the half-off plan has been in effect, we have enjoyed some very pleasing discounts on our electric bill.

"The electric range, water heater, refrigerator and washing machine which we installed last fall are all the more comfort and convenience now that your company is making such a bargain of electricity.

"The new appliances are operating on the extra electricity plan, and so far have cost very little to run. The total bill for January was \$7.73 less the \$2.73 discount or net \$5.00. The February bill netted \$4.69 while the March bill with the \$2.54 discount was only \$4.53.

"Everybody likes a bargain and we can sincerely recommend your offer as a real one."

NOW 238,346 ARE SAVING MONEY THIS WAY
% OFF EXTRA Electricity means: When your electric bill in any month of 1935 is greater than your bill for the corresponding month of 1934, at same location, YOU GET A 50% DISCOUNT ON THE DIFFERENCE.
Electricity Is Cheap ... Use More of It
